

## Heavy Duty Connectors

### HDC-Kits for ready-to-install HDC connectors

Heavy Duty Connectors available in convenient kits for the most commonly used applications.

Complete sets of all connectors needed for your application in a single storage box for inventory consolidation.

Each kit contains:

- 1 Male insert and matching female insert (with screw terminals)
- 1 plug hood
- 1 bulkhead housing

Consider custom kitting for your most frequent applications where our standard kits don't meet your needs.

## Heavy Duty Connectors

We offer a wide range of heavy-duty connectors, which you can use to solve connecting jobs logically and efficiently.

Our range includes:

- Complete kits with the most popular heavy-duty connectors, which contain pin and jack inserts, connector casings and jack casings packed ready for use.
- Standard connectors with up to 216 poles and a current-carrying capacity of up to 35A.
- Feed-through connectors with up to 64 poles and a current-carry capacity of up to 16 A.
- A modular plug-in connection system, which allows you to connect power and signal in the same connector.
